This workshop will provide sound theory with practical, hands-on strategies:-

- Understand how the sensory, motor and perceptual foundations influence handwriting performance.
- Learn the developmental stages of writing readiness and the importance of developing fine motor skills.
- Learn how to recognise, identify and rectify your child's weakness.
- Learn how to incorporate ideas using multi sensory strategies to develop handwriting skills to suit each individual's needs.
- Learn how to be creative, make it fun and stimulating to implement a handwriting home program for your child.

Who should attend: Parents, teachers, therapists, caregivers of children with handwriting difficulties.

The Speaker, Ms. Teo Lee Fun, an experienced Occupational Therapist trained in New Zealand, has a special interest in working with children with learning difficulties and sensory integrative dysfunction. She has conducted numerous seminars, lectures and workshops for parents, teachers and caregivers of children with special needs. Ms Teo is trained in many areas related to Sensory Integration and Sensory Defensiveness, Floor Time Approach, Neurodevelopment Treatment and M.O.R.E. Approach. She is Sensory Integration Praxis Test (SIPT) certified and also certified in Therapeutic Listening Program.
